BUILT  
TO RESIST  
anti-corrosion\*

The **BICAchair** passes through a galvanizing process that involves the application of a thin layer of metallic zinc to the substrate base metal, which gives it an anti-corrosion resistance that can reach 10 years\*. This process enables a superior adhesion of paint due to its rough finish, achieving a 5x higher product longevity in comparison to chemical treatments.

25 X 1,5MM TUBULAR METALLIC STRUCTURE.

\*under normal use conditions.

TO SHARE MOMENTS

THE PLEASURE TO SHARE A CONVERSATION  
THE PLEASURE TO SHARE SILENCE  
THE PLEASURE TO SHARE MOMENTS.

The **BICA**chair was born to celebrate Life and all its truly worthy moments.

The **BICA**chair re-invents itself with a new approach: it recovers an iconic Portuguese chair design of the 50's and fuses it with new materials and colors, creating a true contemporary classic! Its vintage design, mixed with modern and attractive colors, will instantly bestow any place with a scent of simplicity, relaxation and authenticity.

It's a Portuguese product looking to establish itself as a brand that honors both our culture and our tradition, not only in Portugal, but also worldwide.

4 TYPES OF SEAT COVER, INFINITE COMBINATIONS.

LET'S BE HONEST: LIFE IS MADE OF MOMENTS, AND THE BICA CHAIR WANTS TO BE PART OF THEM.
